**Subject:** Fwd: Ameren Labadie SO2 Boundary Recommendation - Public Comment

Hi,

I am writing to ask you to prioritize the safety of the public over convenience of the utility, Ameren MO. As you know the Labadie Power Plant is the largest emitter of SO2 and other air toxics in MO/Metro STL region. We need you to protect us by ensuring that the boundary designation is non-attainment so that a clean-up plan can be implemented.

Thank you,  
Maggie
